SUBJECT:

Reprogramming Authority to Acquire  
a Replacement Front End Loader/Crawler

[Redacted]

25X1

1. We request your approval to internally reprogram  
\$90,000 to purchase a replacement front end loader/crawler

[Redacted]

2. The requirement for this replacement unit is now  
acute and its absence for use in trash burial, firebreak  
clearance, landfill and other heavy jobs requiring a tracked  
vehicle can no longer be put off. \$19,000 is now earmarked  
for a stripdown evaluation of the existing wornout unit, but  
this includes no repair or renovation costs. Clearly, good  
business practice dictates replacing this worn out 1956 model.  
The \$19,000 plus \$90,000 of internally reprogrammed OTE funds  
will purchase this badly needed crawler.
